LAURA SCHIFF BEAN

BIO & ARTIST STATEMENT

Laura Schiff Bean tries to imbue in her dress paintings a sense of the wearer; a psychological journey, challenging us to look beneath the surface and compelling us to reflect on our own journeys. Bean's work is both figurative and yet also abstracted in nature. The sense of accumulation and construction in the surface of her work creates an intriguing tension with the sense of a single captured moment - frozen, blurred, and imbued with emotional force. Bean ultimately views her work to be successful if it leaves the viewer feeling just a little bit naked.
